## Night Fire Takes Shavings Building

The shavings building at the mills of P. H. Chadbourne & Co. at South Bethel was burned Tuesday night. The alarm was sounded at 11:15 but the structure was all ablaze before arrival of the fire fighting equipment. The loss was confined to the building and its contents in spite of a high wind. Many grass fires and several board piles were ignited but were controlled at once.

Lost in the fire were the baling machinery, 600 bales of shavings and six trailer loads of loose shavings. Supports for the pipe in which chips are blown from the sawmill to cars on the siding were connected to the building. It is expected that the pipe will be repaired and operation of the sawmill resumed by Friday. There has been no estimate of the amount of the loss.

Robert Lucas is a patient at the Hyde Rehabilitation Center. Mrs. E. G. Yates is a patient at Stephens Memorial Hospital, Norway.

## The Week in Oxford County

The directors of School Administrative District No. 17 have approved a conservation work shop for 8th grade students at the Freeman Waterhouse Campus, Bryant Pond. The workshop will run five days starting on June 4. Instruction will be given in all branches of conservation and wild life. The students will reside in dormitories on the campus.

The finals in the Oxford County Speaking Contest will be held at Andover, April 26.

A break in the 12-inch water main at the river crossing bringing water from the Mt. Zircon Reservoir to the Rumford district forced the closing of valves. An eight inch main is now serving. A diver will be employed to find the break.

James A. Moore, 20, of Norway, shot and wounded Erwin L. Cummings, 55, a prominent

dairy farmer, at the latter's home in Oxford Saturday evening. Moore reportedly committed suicide in the barn after the shooting. Mr. Cummings was taken to the Stephens Memorial Hospital. He is expected to recover.

The "bubble" at Andover which has protected the Bell System's giant antenna for listening to short wave signals from space will be replaced by a heavier dome. The successor dome will be a little more than a sixteenth of an inch thick and will weigh between 35,000 and 40,000 pounds. Engineers expected to begin the raising of the new cover the first of this week.

The Oxford Paper Company has announced the appointment of John L. Hartman Jr. to the position of general manager of its wood department. Mr. Hartman has been with Oxford since 1945.

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

Through the medium of this column I wish to express my sincere thanks to the present and former members of the Board of Selectmen for their cooperation and assistance in promoting good local government during my nearly five years as Town Manager. Plaudits are due the highway department foreman and his crew, the fire chief and volunteer firemen and the night officer for the splendid working relationship that exists between the respective departments and the Town Office. Thanks are extended to the Bethel Jaycees for the honorary membership in their group as well as associate in the Bethel Area Development Council.

My successor has willingly agreed to continue this column which was started by my predecessor, Mr. Rozelle. The column may have been rather brief, the material lacked interest, but at least something was presented. On the other hand important notices and information has been provided the taxpayers.

As this is my last column I do wish to take the opportunity on behalf of Mrs. Bean and myself to express our appreciation for the many courtesies extended to us during the past five years. As we leave Bethel we will be carrying many fond memories of the community with us.

Sincerely,  
Harold L. Bean

## Jaycees Sponsoring Traffic Safety Clinic Here Next Tuesday

The Jaycees will sponsor a Safety program in this town to call attention to the biggest trouble maker on the nation's roads: the If Only Driver.

"If Only drivers," according to Richard E. Blake, Jr., president of the Bethel Jaycees, are drivers who could prevent accidents if only they act, or react, as they should.

Do you know how many accidents were recorded last year, or how many persons were injured, how many fatalities or how many dollars in economic waste due to these accidents? If you don't know the answers to these questions attend this rally at the Odeon Hall April 17th at 8 p. m.

The Jaycees and the Maine State Police will give you these answers and many more startling facts, backed up by a movie to be shown by the Maine State Police called Death on the Highway. Try to attend, and then start working to make our streets and highways safe by saving us (and others) from ourselves.

## LITTLE LEAGUE MEETING TO BE HELD MONDAY

A baseball meeting will be held Monday, April 16, at 7:00 o'clock at the Community Rooms. Please, parents, come to the meeting. The baseball league officials believe that we had a fair program last year, giving approximately 100 boys a chance to play on one team or another. Last year's Little League was first in Oxford County and Babe Ruth tied for second. The other five teams did real well for themselves. If we plan to continue this sport in Bethel we must have more cooperation from the parents, so, let's stand behind the boys and come to this meeting.

Bethel people who are patients at the CMG Hospital in Lewiston are: Phillips Brooks, Lloyd Luxton, Charles Reed, Theodore Dunham, Guy Swan, Sr., and Mrs. Everett Merrill.

#### School Notes

The third grade has been learning how to make butter, cottage cheese, the past week by live demonstrations. Butter was churned by the children. Mrs. Rosenberg furnished the cream. Carla Morgan brought the crackers and Shari Hill the salt.

The cottage cheese was also made in school demonstrating the use of a thermometer. This was served with crackers too.

Friday afternoon the 3rd and 6th grades had a field trip to Ellis Davis' sap camp where they observed the making of maple syrup. Many questions

#### DANCE IN AN ORIENTAL GARDEN

"Dance in an Oriental Garden" is the theme selected by Bethel and Dixfield members of the Rumford Community Hospital Auxiliary for the annual ball to be held at the Rumford Armory, May 12.

Mrs. John Tebbets, Bethel, has been aiding the decorating committee by supplying ideas for decorations based on her recent stay in Japan. Decorations will include an oriental garden scene, cherry blossom effects, etc.

Mrs. Henry Hastings, Bethel, and Mrs. Kenneth Batty, Dixfield, are serving as general co-chairmen for the fifth annual Charity Ball.

were asked by the children.

Sheep skins were enjoyed on the snow following the question period. The children then ran around the woods watching the gathering of the sap.

As the third grade returned to the house they were taken into the barn to see the cows, and a separator was viewed before they returned to the classroom for discussion. Sap orchard pictures were drawn showing the camp and trees tapped around it.

ATTENDANCE INCREASE  
REPORTED AT NAZARENE  
SUNDAY SCHOOL

Last Sunday marked the close of a six week Sunday school attendance emphasis at the Church of the Nazarene. The Sunday school which began eleven weeks ago with an attendance of 16, this past Sunday set a new attendance record of 46. This growth has made it necessary to add new classes. Plans are being made to build additional rooms to meet the problem of limited space.

The Sunday school has been providing transportation for those in rural areas who would not otherwise be able to attend. This has given the Church an outreach into many homes where Church and Sunday school attendance has been limited.

Friday evening, a fellowship social is planned for the entire Sunday school. Activities are planned, refreshments will be served, and the team which won the six week Sunday school "dog house" contest will be honored. The name of the person who brought the greatest number of new people to the Sunday school during the past six weeks will be announced. That individual will receive a special gift from the minister.

The children and young people of the Sunday school will be presenting a special Easter program of recitation and song during the regular Sunday morning.

## SCHOOL NEWS

All union schools will close at noon on Friday for spring vacation. Schools will reopen Monday, April 23.

Union teachers will meet Friday afternoon at Crescent Park School for an arithmetic workshop program. The program arranged by the Arithmetic Committee will allow final evaluation of all new arithmetic books for the purpose of selecting those books to be adopted next year. This is the final phase of more than a year's work and study of new arithmetic programs by union teachers. Members of the committee who arranged Friday's program are Doris Lord, Elizabeth Lord and Charles Heino.

Bethel school lunch programs will close on May 18.

At a recent meeting of the Bethel School Committee it was voted to hold regular monthly meetings the fourth Monday of each month. The public is invited to attend.

Members of the newly appointed school building committee in Bethel are Richard Davis, chairman, Frank Hunt, Jr., Clayton Crockett and Sumner Burgess. At the committee's first meeting, Harriman Associates, Auburn, was appointed architect. This is the same firm which designed the original CPS building and the 1954 addition. The building committee also invited local contractors to indicate their interest in bidding on the general contract for construction of the two-room addition to the Crescent Park School.

**DATES FOR OPENING FISHING SEASON CLARIFIED**  
Inquiries have been directed to the undersigned for clarification of the open water fishing laws applicable to Oxford County, particularly with reference to the opening dates of the fishing season in the Spring of 1962.

The Summary, at the top of page 18, would appear to indicate that all brooks and streams in Oxford County are closed to all fishing until the last Saturday of April. This is not correct.

It should be emphasized that there are individual lakes, brooks and other waters which are subject to special regulation, but they are listed in detail in the Summary, which should be consulted before any particular lake, brook or other water is fished.

The many lakes, ponds, rivers, brooks, streams and other waters which are not specially listed in the Summary are subject to the general law, and it is to these that the error relates. The following are correct open seasons for Oxford County, subject to the requirement that the waters fished must be naturally free of ice:

**Black Bass:**  
In brooks and streams—from June 21 to Aug. 15; In rivers—from June 21 to Sept. 15; In lakes and ponds—from June 21 to Sept. 30, except that three black bass per day may be taken from lakes and ponds on single-polated, hooked artificial lures only from June 1 to June 20. (NOTE: In waters where the bag limit on black bass has been removed by special regulation, the open season on black bass shall be the same as on trout in those waters.)

**Trout:**  
In brooks and streams—last Saturday of April to Aug. 15; In rivers—from April 1 to Sept. 15; In lakes and ponds—from April 1 to Sept. 30.

**All other fish:**  
In brooks and streams—from April 1 to Aug. 15; In rivers—from April 1 to Sept. 15; In lakes and ponds—from April 1 to Sept. 30.

## UPTON

Mrs. C. A. Judkins, Cor.—Mrs. Lizzie Marshall of Locke Mills and Mr. and Mrs. Emmet Buckley of Gorham, N. H., were Sunday guests of W. L. Brown and Leita Brown.

Mr. and Mrs. C. A. Judkins, Andre and Laurine Bernier attended the Nazarene Church at Bethel Sunday forenoon.

Mr. and Mrs. Ellsworth Hathaway and family of Locke Mills called on Mr. and Mrs. Fred S. Judkins Sunday forenoon on their way to church at Bethel, N. H.

On Sunday afternoon, April 8, Mr. and Mrs. Armand Lavalley gave a sugaring-off party at their maple orchard camp. Besides the host and hostess, their son, Wilfred, and her father, Willie Kelly of Berlin, N. H., there were attending from town: Fred and Judy Judkins, Paul Wyman, Mr. and Mrs. C. A. Judkins, Howard Nelson and Velzora Douglass, Mrs. Arline Bernier, Andre, Laurine, Emile and Kathleen Bernier, and Diane Williamson. The fact that they had to walk a mile over a woods road to get there and back did not keep them away.

Mrs. Mary Agnes Deblois and family of Gorham, N. H., called on Mr. and Mrs. Fred S. Judkins Sunday and left six squares from Agnes and her mother, Gladys Angevine, for the Ladies' Aid Contest quilt.

C. A. Judkins had a new burner put in his furnace Monday this week. The new one put in two and a half years ago never gave any satisfaction at all and finally gave out entirely.

The Board of Assessors have completed the valuation work and are awaiting the County tax bill before computing the tax rate. The total valuation for this year is \$329,060 compared with \$321,920 for 1961, or an increase of \$7,140. Of the total 1962 valuation \$309,290 is real estate and \$19,770 personal estate. Total resident valuation is \$267,500. At this time it appears that a tax rate of .071 or possibly .070 will be sufficient. Last year's rate was .079. While it is believed that the County tax will be near last year's figure, the assessors will not set the rate until the bill is received. The State tax bill was received last week, and is \$4,620 against \$3,045 in 1961. The tax does not actually have to be paid however, although the law requires it to be assessed, and then retained by the town.

Bernard Powers went Sunday morning with a bus load of passengers, 27 in all, to visit the satellite station at Andover.

## Razing Bethel Landmark

Bethel is losing another landmark in the demolition of the former Herick Brothers garage and machine shop at the foot of Main Street. Built by the Herick Brothers (Albion, Edward, and George) in 1907, the construction was in charge of John N. Swan. The land was purchased from J. U. Purington, who for many years carried on a general store and grain business in the building now occupied by Davis Building Supply.

Herick Brothers were inventors and manufacturers of an automatic spool machine which was widely used in this and other countries. With their machine work and the increase of automobile repair work their operations had outgrown the small shop on High Street. In their new quarters the sales and service of cars was

added and before 1910 they had agencies for Reo, Maxwell and Ford cars. In 1917 Herick Brothers Company was formed for the automobile business and Herick Brothers continued the machine shop.

Arthur Herick became associated with the business in August 1922. For five years he had been engaged in garage work on Mechanic Street, where he had added Ford sales and service in 1921.

From 1932 to 1945 Laurence Lord operated the garage business here. Later tenants, for shorter periods, include William Von Zintl and Gilbert Brown, Ernest Blake and Avery Angvine, William Menard, "Tim" Sweet, Gayland Deen, Asher Runnels and Bethel Auto Sales. Recently the building has been used for storage by the Bethel Dowel Corporation.
